

Date: _____

**University of Pennsylvania
School of Social Policy and Practice
MSSP INTERNSHIP**

STUDENT REFLECTION FORM

This form has been designed to assess your experience in the MSSP internship. **This will not be shared with the internship mentor or influence your Capstone grade.** The purpose of the evaluation is to gather feedback on the experience and to inform future internship choices. We also intend that full and thoughtful completion of this form will provide some “talking points” for your job search. Upon completion of the form, your grade for Capstone (based on the semester’s coursework) will be posted.

*Please return this form to:

Dr. Azahara Palomeque: azaharap@upenn.edu

Student Name: _____

Mentor/Supervisor Name: _____

Agency/organization Name: _____

Agency/organization Address (City and State): _____

Full time student: _____

Part time student: _____

Dual degree student: Dual degree program _____

Dates of internship: _____ to _____.

Hours per week _____

Total internship hours completed _____

Were hours flexible or set? Please explain:

1. Describe your policy/research project:
2. Please describe the policy content and skills from the MSSP program that you found useful in your internship.
3. Please describe the additional skills and knowledge that you gained from your policy internship. Please also discuss how you will utilize these new skills and perspectives, together with what you learned in the MSSP program coursework, in a policy work position.
4. Do you feel that you received the instruction and supervision that you needed? Please explain.
5. How often did you meet with your internship mentor? Do you feel that the number of meeting times and the length of the meeting times were sufficient? Please explain.
6. Was the internship experience what you expected? Please explain.
7. In addition to other dimensions of your internship experience, please explain and discuss:
What policy skills and knowledge that you feel you didn't learn in your MSSP coursework that would have improved your internship experience?

What policy skills and knowledge did you hope to receive in your internship but did not receive?
8. Would you recommend this organization for future student internships? Why/why not? Please explain.
